1. No aircraft or flying were observed at the Dresden-Klotzsche (N 52/F 29) airfield between 9 a.m. and 6 p.m. on 21 February 1950. The weather was bad. Many dogs in the kaserne of the former air officer candidate school were heard barking.
2. There was no flying at the field between 8:30 and 5 p.m. on 22 February 1950. A sentry was posted in front of the former Lufthansa building, southwest of the field. An antenna on top of the building was seen. The hangar beside it was apparently empty, as far as could be seen through an open door. The buildings of the former military section were strictly guarded. No aircraft were seen. The hangars were closed. A tower with an antenna was on top of the flight control station. Truck C 5-68-78 and tank truck C 5-69-05 drove through the gate of the air officer candidate school. Officers wearing blue service color and silver epaulets were also seen there.
3. The sodded landing field was about 1,000 x 1,700 meters. Local residents said that about 12 biplanes were parked in the hangars.
